Benefit from the potential of the world's leading trade fair for occupational health and safety in Exo Park!

A+A 2023:

Make the most of direct access to top decision makers

Be there when the experts come together in Düsseldorf for the world's biggest and most important event in the field of workplace safety and health. A+A 2023 will present the entire spectrum of concepts and products relating to the topics of health at work, occupational safety and operational safety. Meet health and safety experts, company doctors and representatives of employers' liability insurance associations, as well as decision makers and buyers from industry, business and the skilled trades. Present your innovative exoskeletons or wearable robotics at the Exo Park shared stand, where interested visitors can put your innovations to the test live in the adjoining space.

In addition, the Fraunhofer IPA and the University of Stuttgart's IFF will present the EXOWORKATHLON. This event will demonstrate various activities featuring industrial exoskeletons for the upper and lower extremities, in order to show and facilitate discussion of their functions with regard to user feedback, ergonomics, metabolics and production quality. It will offer the chance to make intraindividual comparisons of these specific activities as performed with and without an exoskeleton.

Your services included in the shared stand: Price: €6,900 net
